

BOMBARDIER GLOBAL 5000

Covering a range of over 4,800 nautical miles (approx. 8,900 km), the Global 5000 can carry up to 12 passengers in exclusive comfort. Its exceptional performances enable it to also fly in and out of airports with runways just 1,500 meters long and thus to bring passengers closer to their final destination.

12 passengers configuration

6 passengers sleeping configuration
